KIT 932 Kit Azza Scrap 'FAMILY'

AU\$65.00, NZ\$78.00

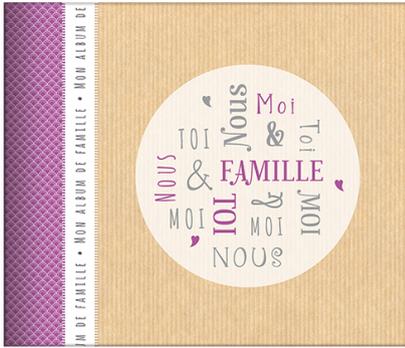

This is the ideal project kit for an album on the theme of Family. The decorative elements are based on this theme and the stencil lends itself to a variety of layouts. It is also perfect as a starter kit for anyone beginning their journey with AZZA, or as a gift for a crafty friend that you would like to share your passion.

Contains: 12 layout suggestions on 4 printed plastic-coated layout pages, 1 large sheet of figurines, 1 large decoration stencil, 1 photo layout stencil and 6 album pages in selected colours - presented in a Reportage album. The reportage album is an ideal 'work in progress' album as well as for a 'completed' album.

The stencils, instruction sheets and figurines are not available separately.
